Product Bulletin

FS/FD Mount Weatherproof Covers

For strap mount and flanged devices in FD box and panel mount applications

Available in gray, black or yellow

Features & Benefits

- Vertical self-closing lid constructed of glass-filled thermoplastic provides ultimate impact resistance for use in abusive environments
- Includes provision for 2 padlocks for OSHA compliant lockout/tagout
- Molded-in label area on cover allows for circuit or ratings identification
- Pre-assembled gasket provides an easier installation and tighter seal from harsh elements
- Stainless steel mounting screws and springs offer added corrosion resistance
- NEMA Type 3R and IP64 ratings with cover closed ensure protection for indoor and outdoor use
- Covers may be held open with a Hex Key or pin to ease installation

Common Applications

- Portable Generators
- Shipyards & Marinas
- Power Distribution Boxes
- Construction Sites
- Carnivals & Fairs

Key Features

Provisions for lockout/tagout for OSHA compliance

Convenient space for circuit id label

Pre-mounted flange gasket speeds installation*

Stay open feature makes installation simple

7420
Fits 20A & 30A strap mount single locking receptacles

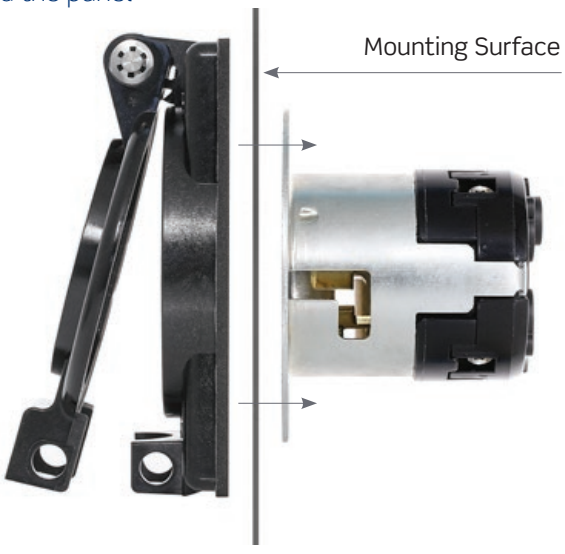

WP1
Fits 15A locking flanged inlets & outlets and 15A/20A straight blade flanged inlets & outlets

WP2
Fits 20A/30A locking flanged inlets & outlets, and 30A/50A power receptacles
