Features

Body
Constructed of die cast aluminum which provides superior strength and rigidity. Softened edges adds up to the low profile aesthetic design.

Lamping
Porcelain socket for 120V PAR30 lamps, 75 watts max. A high temperature glass shield is included, mounted to front of lamp fixture.

Adjustability
Fixture provides vertical rotation of 90° and horizontal rotation of 330°; providing a wide range of light source aiming possibilities.

Dimming
The track fixture is dimmable when used with electronic line voltage rated dimming controls only. 120V / 60Hz input; 120V output; 75W maximum load.

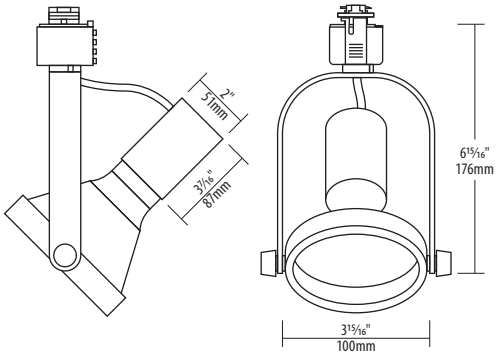

Compatibility
Liteline track fixtures are compatible with A-Line, Juno®, Halo®, Lightolier® and most brands configured to Halo® track system design.

Labels
• cULus listed.

Description

The ATHENA is an adjustable, lightweight, high-styled, exposed lamp design, line voltage track lighting fixture. ATHENA provides a rear load lamping and allows for directional light source for special aiming and assures secure lock on angle position.
