RDL06-10Z

Universal Dimmable LED, CFL, Incandescent and Halogen Trimatron Push ON/Push OFF Electro-Mechanical Rotary Dimmer, 600W-120VAC Incandescent, 150W-120VAC LED/CFL, 60Hz, Single Pole and 3-Way – White Knob assembled, Ivory and Light Almond knob included

Trimatron® lighting controls are traditional rotary-style dimmers available in single-pole (one location) and 3-way (multi-location) Push-ON/Push-OFF versions for LED, CFL and incandescent lighting and quiet fan speed control. With a compact, easy-to-install design, Trimatron dimmers provide an easy fit even in shallow wallboxes. The classic style of Trimatron dimmers is ideal for enhancing the décor of traditional homes while simultaneously upgrading functionality to support today's latest bulb technology.

Technical Information

Product Features

Action: Push for ON/OFF, Rotary control for lighting level control

Available Colors: White, Ivory, Light Almond

Color: White

Frequency: 60 Hz

Load Rating: 600W Incandescent and Halogen, 150W LED and CFL

Load Type: Incandescent, Halogen, Dimmable LED, Dimmable CFL

Locator Light: N/A

Phase Control: Forward phase control

Preset: Rotary control preserves desired lighting level

Protection: Radio/TV Filter

Standards and Certifications: cCSAus, NOM

Style Name: Trimatron

Switch Type: Single-Pole & 3-Way

Type: Rotary Dimmer

Voltage: 120 VAC

Wallplate: Order Separately

Warranty: 5-Year Limited

Features and Benefits

- Dimmers are designed for optimal control of dimmable LED and CFL lamps. Also compatible with Incandescent and Halogen lamps.
- Full range dimming with Push-ON/Push-OFF rotary control
- Provides single pole (one location) or 3-way (two location) control when paired with a 3-way switch
- Slim, compact housing fits easily into a standard wallbox
- Suitable for multi-gang installations
- Available in White, Ivory and Light Almond
- Built-in radio/TV interference filter
