

The clean, contemporary shape of Glacier complements any kitchen design. Impressive LED lighting and superior smoke and odor removal are a mere introduction to everything this hood has to offer. The LED modules included with this hood are the latest in LED cooktop illumination technology specially designed to operate in the elevated temperatures of cooking - offering bright lighting and lasting up to 25 times as long as a standard bulb and greater reliability than typical replacement LED bulbs.

MOUNTING HEIGHT

18 in. to 30 in. from cooktop to bottom of hood

LIMITED WARRANTY

1-year
3-year (LED modules only)
(See installation manual for full warranty text.)

FOR INDOOR USE ONLY

HVI-2100 CERTIFIED RATINGS comply with new testing technologies and procedures prescribed by the Home Ventilating Institute, for off-the-shelf products, as they are available to consumers. Product performance is rated at 0.1 and 0.25 in. static pressure at high speed based on tests conducted in an HVI-approved state-of-the-art test laboratory. Sones are a measure of humanly-perceived loudness, based on laboratory measurements.

* Where noted performance rating is not HVI certified but was established in accordance with HVI Standardized test procedure.

** Max. blower CFM indicates the performance of the hood blower in open air.

Dimensions shown in inches.
