41075-DBW

Wallplates and Housings

Brand Features

The Decora Brush Passthrough Insert offers a clean, professional appearance when cable needs to pass through a wall opening. The white fibers of the brush protect the cables and close the opening to provide an aesthetically pleasing look. The brush insert installs on standard NEMA electrical boxes and low-voltage brackets. Single or multi-gang Leviton Decora wallplates (sold separately) complete the installation. Use for home theater, classroom, or conference room audiovisual installations.

Item Description

Decora® Brush Passthrough Insert, White

UPC Code: 07847770080

Country of Origin: United States - **Eligible for ARRA funded projects*

made in USA*

**Buy American Compliant Logo -- The American Recovery And Reinvestment Act of 2009 ("ARRA") provides federal grants and loans for projects throughout the country. Section 1605 of the Act, named the "Buy American" provision, requires that certain materials and manufactured products used in projects funded by the Act be manufactured in the United States. The appearance of the Recovery Act Logo in relation to a Leviton product is only intended to reflect that such product may be used in an ARRA funded project. It does not mean that such product or Leviton is sponsored or endorsed by, or that Leviton receives funds from, the federal government or the Recovery Accountability and Transparency Board. Nothing in Leviton's use of the logo is intended to suggest anything regarding the requirements for funding under ARRA.*
